

XTR-PRO DV A2L

Spark Proof & Dual Voltage Refrigerant Recovery Unit

- Suitable for R32, R1234YF plus all standard refrigerants
- Spark proof design: 5 m hard wired cable
- Dual voltage – switch easily to 115 V* or 230 V
- Integrated circuit breaker protection
- X-Connect technology protects against incorrect voltage

**SPARK
PROOF
& DUAL
VOLTAGE**

R32 READY

Protected switches
& circuit breaker

Spark proof
design:
5 m hard
wired lead

Dual Voltage
115 V* / 230 V

Part No.	JAV-1061
Suitability	R32, R1234YF, HFC/HCFC/CFC/A2L, Standard refrigerants

* 115 V lead not included.

SPECIFICATION	
Push/Pull (kg/hr)	300
Vapour (kg/hr)	15
Liquid (kg/hr)	90
Power supply	115 V* or 230 V
Motor size	1/2 HP
HP cut out	500 psi (35 bar)
Compressor	Oil-less
Weight	12 kg
Dimensions	420 x 290 x 420 mm
